

Quick guide for parents and carers about actions during COVID-19 restrictions

NHS listed symptoms are at least one of:

- high temperature
- o new continuous cough
- o loss of or change to your sense of smell or taste

Tests can be booked online: https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/get-a-test-to-check-if-you-have-coronavirus/

| What should I do if | Action needed | Return to school |
|--|--|---|
| My child has COVID- 19 (coronavirus) symptoms | Child shouldn't attend school Child should get a test as soon as possible Whole household should self-isolate while waiting for test result Inform school immediately about results 01943 462349 in school hours/ text 07891 279271 out of hours including child's name | when child's test comes back negative and they are symptom-free for 48 hours |
| My child tests positive for COVID- 19 | Child shouldn't attend school Child self-isolates for at least 10 days from when symptoms started (or from day of test if no symptoms) Inform school immediately about results 01943 462349 in school hours/ text 07891 279271 out of hours including child's name Whole household self-isolates for 10 days from day when child's symptoms started (or from day of test if no symptoms) even if someone else tests negative within the 10 days | When child feels better, and has been without a fever for at least 48 hours. They can return to school after 10 days even if they have a cough or loss of smell/ taste. These symptoms can last for several weeks once the infection is gone. |
| Somebody in my household has COVID-19 symptoms | Child shouldn't attend school Household member with symptoms should get a test Whole household should self-isolate while waiting for test result Inform school immediately about results 01943 462349 in school hours/ text 07891 279271 out of hours including child's name | When the household member's test is negative, and child does not have COVID-19 symptoms |
| Somebody in my household tests positive for COVID- 19 (coronavirus) | Child shouldn't attend school Whole household self-isolates for 10 days from day when the tested person's symptoms started (or from day of test if no symptoms) even if someone else tests negative within the 10 days | When child has completed 10 days of self-isolation, even if they test negative during the 10 days |

| What should I do if | Action needed | Return to school |
|---|--|---|
| NHS Test & Trace has identified my child as a 'close contact' of somebody with symptoms or confirmed COVID-19 | Child shouldn't attend school Child self-isolates for 10 days (as advised by NHS Test & Trace)- even if they test negative during those 10 days Rest of household does not need to self-isolate, unless they are a 'close contact' too | When child has completed 10 days of self-isolation, even if they test negative during the 10 days |
| We have/ my child has travelled and has to self-isolate as part of a period of quarantine | Holidays should not be booked in term time Child shouldn't attend school Whole household self-isolates for 10 days even if someone else tests negative within the 10 days | When child has completed 10 days of self-isolation, even if they test negative during the 10 days |
| We have received advice from a medical/ official source that my child must resume shielding | Child shouldn't attend school Contact school as advised Child should shield until you are informed that restrictions are lifted and shielding is paused again | When school/ other agencies inform you that restrictions have been lifted and your child can return to school again |
| I am not sure who should get a test for COVID-19 | Only people with symptoms should get a test People without symptoms are not advised to get a test, even if they are a 'close contact' of someone who tests positive | Not applicable |

Calculating the end of your self-isolation period:

| If you or a member of your household test positive for COVID-19 | | If you are a close contact of a positive case | |
|---|--|--|--------|
| Symptoms begin prior to a positive test- begin to self-isolate | Test taken (if asymptomatic) - begin to self-isolate | Last contact with the positive case- begin to self-isolate as soon as you are notified | Day 1 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 2 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 3 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 4 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 5 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 6 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 7 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 8 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 9 |
| Self-isolate | Self-isolate | Self-isolate as soon as you are notified | Day 10 |
| Resume normal activities | Resume normal activities | Resume normal activities | Day 11 |
