Dear Parents/ Carers

Peripatetic Music Lessons during Lockdown

As we did last year, we are delighted to be able to offer remote music lessons while school is closed to most pupils. I would strongly recommend that you take up this offer, as we saw children make very good progress during the last lockdown, and came back more confident musicians. In addition, it will ensure that a gap does not open up between your child and any other pupils in their group lesson.

Please complete [this online form](#) to let me know of your intention, and as soon as I have this I will begin to let your child's instrumental teacher know so that lessons can resume as soon as possible.

I'm also enclosing a copy of the protocols for online music lessons, for your information. You should read this before completing the form. There is a link to the same form at the end of this document too, for convenience.

Yours sincerely

Helen Carpenter
Head teacher
